

RUSH FOR SEATS FOR WORLD SERIES

(By Associated Press.)
BOSTON, Oct. 6.—Seekers of reserved seats took on the appearance of bleacher crowds yesterday in the scramble for reservations for the world's series baseball games, which begin here Saturday. Women and staid business men view with messenger boys and others in their efforts to get prominent places in the line.

No actual disorder developed, but the police were called upon to reform lines, and club employees endeavored to placate disappointed applicants who clamored for answers to their written requests for seats.

The rush for reservations was a result of a new system made necessary this year, President J. J. Lannin of the Boston Americans explained, because of the late date upon which the American league race was decided. By this system, successful applicants were assigned a number calling for tickets of a certain class, without a definite designation of the seats as in other years.

Those first in line obtained the better seats as they were distributed

by the ticket sellers, and it was to obtain this advantage that applicants sought the leading places in the lines.

In all probability, club authorities agree, more persons have been disappointed through failure to receive tickets this year than ever before. Hundreds of requests have been refused.

The police patrol of the ticket lines is vigorous and those soliciting or selling tickets are first warned away and then arrested if they persist. One arrest was made yesterday. Private detectives are said to be in touch with the distribution of large blocks of seats furnished to municipal offices, the police and fire departments, and various public service companies, to be certain that none of these blocks is turned to private profit.

Because of their delay in obtaining world's series tickets, some of the players missed a train for Worcester, where part of the team played an exhibition game with the Philadelphia Americans. Others delayed their appearance at Braves' field for the same reason.

RABID COYOTES ON SMOKY VALLEY FARM

Nye county subscribed to the fund for the killing of rabid coyotes, supplementary to the appropriation by the federal government, but the hunters and trappers do not seem to have given the taxpayers of this county a run for their money. Hydrophobia has made its appearance in several parts of the county, being especially noted in Smoky valley. J. A. Moore, the rancher across the valley from Round Mountain, writes the Bonanza that his men are on the constant outlook. Two weeks ago they killed a mad coyote in a meadow where cattle were pasturing a quarter of a mile from his house. Another rabid coyote was shot a mile from his place and several days ago a coyote afflicted with rabies came into the doorway and was killed. Mr. Moore was compelled to shoot a two year old steer that had been bitten and had developed the disease. He naturally inquired: "What protection has a taxpayer in this county? Simply none." Right you are, Mr. Moore.

COUNTRY HAS 104,000 TROOPS ON THE LINE

(By Associated Press.)
WASHINGTON, Oct. 6.—War department statistics show that there are about 104,000 militia now on the border. The 8000 sent today will relieve a similar force which will be returned to their home stations for muster out of the federal stations.

While officials generally expect the entire militia will be withdrawn within a few weeks, no definite decision on this question has been announced. Secretary Baker, however, has said there would be no general redeployment of troops in the southern department until the American-Mexican joint conference, in session at Atlantic City, evolves some system of border control.

PLAN TESTING STATION

(By Associated Press.)
MANILA, P. I., Oct. 6.—In line with the insular government's plan to stimulate the production of better tobacco in the Philippines, a tobacco testing station is soon to be established in the Cagayan valley, the center of the tobacco growing industry of the islands. This is only one of the many steps following the dispatch of A. B. Powerell, chief clerk of the internal revenue bureau, to the United States to embark on an advertising campaign to boost the sales of Philippine cigars in the homeland.

TIMBERS FOR OHIO

Huge auto truck loads of lumber and timber are passing up Brounger avenue today, bound for the Ohio shaft, which is to be thoroughly re-timbered and a complete hoisting plant established, after which deepening will start. Judging from the permanency of the work undertaken, the Ohio shaft is likely to be one of the busiest openings in the district. This is one of the shafts of the West End Mining company, toward which its veins are trending.

CHAS. E. HUGHES TO START TOUR MONDAY

(By Associated Press.)
NEW YORK, Oct. 6.—Spurred on by the exhortations of "Mother" Jones, labor agitator, 300 wives and women relatives of striking ex-street car men, battled with the police late yesterday afternoon in the most serious riots since the walkout on the traction lines a month ago.

Night sticks were swung right and left by the police and many of the women were bruised. Scores of the rioters carried babies in their arms. A crowd of strikers entered the fray on the side of the women.

DON'T BUY ANCIENT BREAD SHIPPED IN

I would not buy strange, dry, staled bread, when I can buy bread of superior quality in every respect. The Progress and Vienna Bakery bread is rich in flavor and is made of the choicest eastern flour, and is heavier and goes further than any imported bread.

We are always ready for any order for pastry of any kind equal to that made in any city.

We can serve a large banquet as easy as a small banquet.
